PANAMA INQUIRY BY CONGRESS

President Roosevelt Requested to Turn Over Papers Relating to the Isthmian Affair, but Can Use His Judgment.

HITT OFFERS RESOLUTION AND THE HOUSE AGREES.

Colombia Makes Protest Against Recognition of New Republic and May Try to Retaliate with Germany's Aid.

WASHINGTON, Nov. 9.—Congress has taken the first step in the line of an inquiry into the Panama affair.

Congressman Hitt, of Illinois, this afternoon offered the following resolution in the House:

"Resolved, by the House of Representatives, That the President be requested to communicate to the House, if not incompatible with the interest of the public service, all correspondence and other official documents relating to the recent revolt on the Isthmus of Panama."

It was agreed to.

DR. HERRAN PRESENTS PROTEST FOR COLOMBIA

WASHINGTON, Nov. 9.—Secretary Hay, during a call at the White House to-day, placed in the hands of the President the Colombian protest against the course pursued by the United States Government on the Isthmus and its attitude toward the new government of Panama.

The protest came to Secretary Hay from Dr. Thomas Herran, the Colombian Charge, and was duly acknowledged in a brief, formal note. The protest is short and to the point. It follows the usual lines of formal communications of this kind.

Dr. Herran's protest was called forth by a letter from Secretary Hay, sent at the same time last week that instructions were forwarded to Minister Beaupre and Acting Consul Ehrman. The Secretary's letter was sent as a matter of courtesy and information to the Minister and contained an outline of the instructions which had been forwarded to Mr. Beaupre.

In his reply Dr. Herran states that he has not heard from his own Government at Bogota for the week past, but he feels sure from his knowledge of the sentiments of that Government that he is justified in entering a firm protest against the action of the United States in recognizing the revolutionists in Panama and in preventing the Colombian forces asserting the national authority over the Isthmus.

What action will be taken regarding the protest will be decided on at a conference between the President and Secretary Hay.

No cablegrams reached the State or Navy Departments over night from Isthmian lands or waters, nor has the State Department heard from Bogota since cabling to the American Legation there, for presentation to the Colombian Government, an announcement of the action of the United States in recognizing the de facto government of Panama.

GERMANY WILL RECOGNIZE PANAMA.

BERLIN, Nov. 9.—The Foreign Office says Germany will, of course, recognize the Republic of Panama after the United States' formal recognition. The German Government has not yet requested the United States to protect the German citizens and their property because, apparently, they are not in danger.

PANAMA MINISTER WRITES TO MORGAN.

WASHINGTON, Nov. 9.—M. Philippe Varilla, the Minister Plenipotentiary of the Panama Republic, has addressed a long letter to Senator John T. Morgan, of Alabama, paying the Senator a warm tribute for his long fight for a canal and urging him to abandon the Nicaraguan route for the Panama route and join forces with the new republic in the effort to secure the immediate construction of an Isthmian canal.

COLOMBIA MAY ASK GERMANY'S AID.

Aurilio de Brigard, Consul-General from Colombia at New York, said at a press conference to-day that he had no official advice from Colombia. Cablegrams which I sent last week asking for news have not been answered. From an unofficial source, however, I learn that the people in the interior are very much excited over the recent developments and are anxious to our Government to send a delegation to Germany to offer the Emperor certain pieces of land on both seas in return for Germany's protection.

"Of course, I do not know whether this will be done, but it is, I imagine, the line conceded to Germany will be that lying next to the Panama border on both sides of the Isthmus."

Dr. de Brigard said that he does not leave there is any truth in the reports from Colon which claim that the Americans and foreigners in the city have been massacred.

DRUGGED, GIRL SAYS, BY THIEF

When She Woke Up in Her Apartments Miss Margaret Graham Declares Her Rings Worth \$500 Were Gone.

MADE ACQUAINTANCE AT THE RACE TRACK.

Picks Out Joseph Berry as the Man Who Robbed Her, but He Makes Vigorous Denial, and Lawyer Hints at a Plot.

On the complaint of Miss Margaret Graham, a pretty young woman, who says she is a French dressmaker, that she had been chloroformed by a thief and robbed of two diamond rings valued at \$500, the police this afternoon arrested Joseph Berry, an acquaintance of the young woman who says he is a clerk, of No. 312 East Eighty-sixth street.

Miss Graham has an elaborate suite of rooms at No. 60 West Fifth street. She goes to the races once in a while, and she says that last Saturday at the races she met Berry, whom she did not know, and he got to her room and she did not tell him she was unable to tell where he lived, so he and there all right, held her wrists very tight and pressed a handkerchief soaked with a drug—she thinks chloroform—to her mouth.

The next she knew was Sunday morning when she had a fierce headache and was missing the diamond rings. Not knowing Berry very well she was unable to tell where he lived, so she and two detectives from the East Fifty-first street station stood at the East Thirty-fourth street ferry house this afternoon until Berry came along in the crowd of race goers. Then she pointed him out and he was arrested.

Berry was with a number of friends, among them former Assistant District Attorney Daniel O'Reilly, who accompanied him to the police station. On the way they met more friends, all known to Berry, and he did not do such a thing as the young woman said. They told Magistrate Hogan so the case was referred to the court. Berry said he never saw the woman before. She said she smiled a plot, and asked the court to adjourn the case until he looked up Miss Graham's history. So the case was put over until to-morrow, and Berry was permitted to go to the races.

Dr. Herran's protest was called forth by a letter from Secretary Hay, sent at the same time last week that instructions were forwarded to Minister Beaupre and Acting Consul Ehrman. The Secretary's letter was sent as a matter of courtesy and information to the Minister and contained an outline of the instructions which had been forwarded to Mr. Beaupre.

GIRL BEHEADED BY TROLLEY CAR

Five-Year-Old Lillie Turner Run Down While at Play with Two Companions in Long Island City.

CHILD'S FRAIL BODY WAS DRAGGED FOR MANY FEET.

Women Passengers Fainted, and the Motorman, Who Could Not Stop the Car, Was Almost Crazy by Grief.

Lillie Turner, five years old, while playing with two other friends of the same age, was run over by a Flushing avenue trolley car this afternoon at the corner of Jackson and Harris avenues, Long Island City. The child's head was completely severed from her body. The car dragged the body fully fifteen feet before it could be stopped. The head was tossed to the side of the tracks.

The motorman, John Gordon, who lives in Elmhurst, was almost crazed with grief at the horrible sight. A crowd of men and women gathered around him when he left the car, but so great was the horror of the scene that he was not molested. Women who were on the car became sickened, and those in the neighborhood who saw the accident fainted.

Lillie Turner, who lived with her parents at No. 26 Harris avenue, Long Island City, was playing with two little girl friends at the time the trolley swung around Jackson avenue. The two little girls escaped the car, but Lillie was not so quick of foot, and she was thrown down on the track, the motorman all the time frantically pulling at the brakes.

The Long Island City police was informed of the accident and a patrol wagon with policemen was sent to keep the crowd from injuring the motorman, should any such contingency develop. The girl's body and head were taken to an undertaking establishment, where they were sewed both together.

Gordon was arrested and arraigned in the Long Island City Police Court. At the suggestion of Coroner Rooft he was paroled until to-morrow.

CHILD CRUSHED TO DEATH BY CART.

(Special to The Evening World.) NEWARK, N. J., Nov. 9.—Angelo Trigno, three years old, of No. 61 Delancey street, was killed by being run over by a coal wagon this afternoon at Malvern and Jefferson streets. The boy was with his mother and alone away from her, running into the street in front of the wagon.

The front wheel of the heavy vehicle passed over the child's head, crushing it beyond recognition. The driver, Moses Furman, of No. 26 West Kinney street, driver of the wagon, was arrested and held charged with manslaughter. Eye witnesses say the accident was unavoidable.

MORE GREEN INDICTMENTS.

But the Senator Not on Hand to Answer Two New Charges.

BINGHAMTON, N. Y., Nov. 9.—Two more indictments against Senator George E. Green arrived in this city Saturday night, and two warrants of arrest were issued to-day by the United States Commissioner. Hall arranged for the warrants to be served on Senator Green at the office of Commissioner Hall at 2 o'clock this afternoon, but Senator Green did not appear. The reason for the Senator's non-appearance was owing to a misunderstanding of the situation. He presumed that the case would be adjourned until Nov. 20, although the examination had been set down for to-day. It was said he would appear to-morrow.

The two indictments which United States District Attorney Curtis brought with him from Washington are similar to those already published, with the exception that they each contain a clause charging a conspiracy to defraud the United States Government in the payment of George W. Beavers of a percent for the sale of International time recorders and Doremus stamping machines and the other to the Doremus machines.

SUMMERFIELD CONVICTED.

Found Guilty in Connection with Copper Mine Swindle.

Larry Summerfield was convicted by the Supreme Court before Justice Veron M. Davis this afternoon of grand larceny in the first degree. He will be sentenced next week. Summerfield was one of the "Chappie" Moran gang of swindlers. His conviction to-day was in connection with the Horse Shoe Copper Mine, a concern formed for the purpose of obtaining the money of the foolish. An additional indictment has been found against Summerfield for swindling a townsman named Buchanan out of \$50,000 in the Horse Shoe mine manipulation.

The police report that the blast could have been no fault of Martin's. It was evident that McBride or Crook had attached the battery to the wires before the wires had been straightened out and before the two men had got a safe distance from the blast.

Foreman Martin was later held by the coroner pending an inquest.

MISS ANDERSON SAYS ABEEL WAS "J. O. GOELET"

Picture of the Young Man Who Wooed and Nearly Wed the Pretty Telegraph Operator Is Shown to Her, and She Promptly Identifies It as the Impostor.

DETECTIVES FAIL TO GET ANY TRACE OF THE FUGITIVE.

His Wife Declares that He Is Mentally Unsound—His Mother Is Hastening from Texas to Protect Him—Through Friends He Denies that He Is Guilty of the Deceit.

Miss Eleanor Anderson, who was to have wed a man representing himself as "J. Ogden Goelet," is stopping at the McIntosh cottage, near Long Branch, N. J. The McIntoshes are friends of her family. Mrs. McIntosh is her godmother and she offered the use of her cottage for the marriage celebration.

To-day Miss Anderson was shown a photograph of James Abeel, who is believed to have posed as a mythical Goelet. She positively identified him as the young man who sought her hand in marriage as "J. Ogden Goelet."

"I have just received a telephone message from William Anderson, sr.," said Dan McIntosh, forist, of No. 1134 Broadway, this afternoon. "He says that the family is positive that Abeel is an impostor. They have identified a photograph of Abeel."

"Her father refused to believe that Abeel was the right person until he had shown her a photograph of the young man. He went to Long Branch for that purpose, and he informs me there is no mistake. Mr. Anderson will return to New York to-morrow," he said.

BELIEVE ABEEL IS CRAZY.

Abeel, who lived at No. 239 Central Park West, has fled from the city. The offices of Mooney & Boland, the detective agents, Mr. Wagonbauer, the superintendent, said to-day that young Abeel had completely disappeared.

"There is no doubt that he will be arrested," said the superintendent. "We have not been able to get traces of him since last Saturday, when he left his home. We are employed in the case by the Goelet estate. The Goelet have been greatly disturbed by this impostor and will not spare expense in running him to earth."

CONVINCED OF HUSBAND'S SHAM.

Mrs. Abeel was Miss Ethel De Forrest, daughter of a wealthy railroad contractor, of Springfield, Mass., when she married James Abeel, son of Alfred Abeel, a millionaire merchant of Waco, Tex., in November a year ago.

When Mrs. Abeel was convinced that her husband had been shamming as "J. Ogden Goelet" and paying attention to Miss Anderson, she left her home and went to her cousin, Mrs. Mary E. Shaler, of 27 Washington Square North. Mrs. Shaler is the widow of Ira Shaler, a well-known tunnel contractor, who died a year ago from injuries received in a subway explosion. Mrs. Shaler makes her home with her father, S. Duncan Leverich, a prominent Wall street broker.

Through Mrs. Mary Goss, the housekeeper at the Chateau, the apartment-house where the Abeels live, the young wife said to-day: "If my husband is guilty of all these charges against him he is insane. I believe that his mind has given away and that he is little less than a madman. There is no doubt that he is not responsible for his actions."

Mrs. Abeel is quite prostrated by the developments of the case.

MAY PATCH UP PEACE.

Legal advice has been procured for him, and if assurances are given by the Goelet family that the matter will be dropped Abeel will come forward and make full acknowledgment. It is said, of the affair. What satisfaction he will make to Miss Anderson and her family is not known, but his mother is on her way to this city and will do everything possible to straighten things out for the young man.

His mother, who was Miss Sadie Connor, of Waco, Tex., and is one of the most beautiful and popular society matrons of the South, went to another prominent society woman of Texas who is in New York at present and asked her to look after James until she arrived here. This woman succeeded in arranging an interview with Abeel and met him yesterday in a suburb of this city.

Information received by the police to-day would seem to indicate that Abeel has been in the habit of assuming names. According to Mrs. Boyce, who lives at No. 332 West Fifty-second street, next door to the home of Miss Anderson, the young man resembled a man who rented a flat in West Fifty-first street last May under the name of Gilden. He introduced a handsome blond woman as his wife and a young man of his own age as his private secretary. He represented that he was very rich and spent money lavishly. His present wife is a brunette.

NO NEW AMERICAN CARDINAL.

Pope Pius Fails to Name One at His First Secret Consistory.

ROME, Nov. 8.—The first secret consistory of the new Pontificate was held to-day. No American Cardinal was appointed. Several appointments of archbishops and bishops were made, including that of the Rev. J. J. Hartley as Archbishop of Manila, Philippines Islands, who, as an exceptional privilege, received the pallium at an extra consistory when he came to Rome for consecration.
